Fulfillment:

- Wholesale/Associate orders receive the highest priority and process in order of receipt.
- Account will be notified for any and all items not in stock. Items will be placed on priority backorder. Once inventory is received, backordered items are processed based on the original order date.

Running Yardage / Custom Cuts & Packaging:

- We will provide running yardage as flat folded fabric or rolled on tubes. Please select your preference on the order form. The order forms have two columns – one for flat folded yardage and the second for ROT yardage.
 - When ordering 108"/112" Cotton batik – each roll contains approximately 10 yards. Order in increments of a full roll – which is 10 yards.
 - When ordering 44" Rayon Batik and 45" Cotton Batik the yardage will include a seam for every 15 yards ordered. We will do our best to ship with no seams if 15 or less yards are ordered per item.
- We will cut and package any yardage based on your "shelf ready" needs.
 - For example, many stores sell pre-cut 3-yard cuts of 108"/112" backings. We cut, tie, and tag any yardage cuts based on your yardage requirements. There is no additional charge for this service.
- We do not double and roll our fabrics on traditional bolts at this time.

Shipping:

- Actual shipping costs are the responsibility of the wholesale account.
- FedEx Ground is our default shipping method.
- If you prefer your own shipping account, add account details to your application.
- We attach invoices/pack list to the OUTSIDE of the shipping box/sleeve.

Returns:

- All returns require a completed Return Goods Authorization form in advance of the return.
